Independent Auditor's Report

To the Member of
AlMax Financial Solutions, L.L.C.

We have audited the accompanying statement of financial condition of AlMax Financial Solutions, L.L.C. (The "Company") (a single member New Jersey limited liability company), as of December 31, 2007, and the related statements of operations, changes in member's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AlMax Financial Solutions, L.L.C. as of December 31, 2007, and the results of its operations, and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion of the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole.

ALMAX FINANCIAL SOLUTIONS, L.L.C.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE 1 - GENERAL BUSINESS:

AlMax Financial Solutions, L.L.C. (The "Company") (a single member New Jersey limited liability company) was formed in the State of New Jersey on May 4, 2000, for the purpose of marketing mutual funds, variable annuities, and life insurance products. The Company will be dissolved by December 31, 2025; unless otherwise terminated as provided for in the Company's operating agreement. Under the laws of the State of New Jersey, the liability of the Company's member is limited to his investment in the Company. The Company's registration as a broker-dealer with the Securities and Exchange Commission became effective December 20, 2000. The Company serves as placement agent for such products. As a placement agent, the Company does not receive funds, but rather funds are transmitted directly by mutual fund purchasers to the issuers' escrow agents or transfer agents. The Company's headquarters are located in Clinton, New Jersey and is licensed to do business in eleven states.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Company reports its financial statements on the accrual basis of accounting.

Revenue Recognition

The Company recognizes revenue when earned based upon their contractual obligations with mutual funds and insurance companies. Some contracts may contain a six month to one year charge back period for canceled contracts. Management believes any such charge backs are insignificant and has not provided any allowance for such charge backs.

Commissions

Commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.

Accounts Receivable

The Company's commissions receivable consist principally of commissions due from issuers of mutual funds and variable annuities. Management periodically assesses the collectibility of accounts receivable based upon the financial strength of the issuers of mutual funds and variable annuities. Management believes no allowance for doubtful accounts is required as of December 31, 2007.

Securities Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade date basis. The Company does not take possession of customers' securities or commodities.

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Trading Securities

Under SFAS 115, securities bought and held principally for the purpose of selling them in the near term are classified as trading securities. Trading securities are stated at market value with unrealized gains and losses recognized currently in income from operations.

Income Taxes

The Company is a disregarded entity for income tax purposes, and thus no income tax expense has been recorded in the financial statements. Income of the Company is taxed to the member in his individual return. The member may make substantial capital withdrawals periodically to pay his personal income tax liabilities.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Company had net capital of \$ 21,996, which was \$ 16,996 in excess of its required net capital of \$5,000. The Company's net capital ratio was 2.42 to 1.

NOTE 4 - RESERVE REQUIREMENTS

The Company is exempt under Section K(1) from the Securities and Exchange Commission Reserve Requirements (Rule 15c3-3).

NOTE 5 - CONCENTRATION OF CREDIT RISK

The Company's financial instruments that are potentially exposed to concentrations of credit risk consist primarily of cash, cash equivalents, short-term investments and commissions receivable. The Company places its cash and cash equivalents with quality financial institutions. At times, such cash equivalents may be in excess of the FDIC insurance limit, or in some

NOTE 5 - CONCENTRATION OF CREDIT RISK (CONTINUED):

cases, may be completely uninsured. The Company believes no significant concentration of credit risk exists with respect to its cash, cash equivalents and commissions receivable. It is not the Company's policy to require collateral for receivables outstanding.

During the year ended December 31, 2007, 36% of commission revenue was derived from one major source. Included in commissions receivable from the source was \$ 2,036 as of December 31, 2007.

NOTE 6 - TRADING SECURITIES:

Trading securities are stated at readily determinable fair value and are comprised of mutual funds with various underlying holdings as of December 31, 2007. The cost, unrealized appreciation, and fair market value are summarized as follows:

Cost	\$ 15,389
Unrealized appreciation	-
Fair value	<u>\$ 15,389</u>

NOTE 7 - RELATED PARTY TRANSACTIONS:

Effective September 1, 2005 the company entered into a lease agreement with Mark and Tracey Schultz. The lease calls for a monthly rental of \$400, payable monthly. The agreement provides for all utilities including phone service, copy services, fax service and computer services. The agreement has an initial term of one year and is subject to automatic renewal unless canceled by either party. The expenses under this agreement amounted to \$4,800 for the year ended December 31, 2007. They also charge a monthly administrative fee which amounted to \$27,200 for the year ended December 31, 2007.

FRIZZELL, KAFAFIAN, DE VRIES & COMPANY, LLC
ACCOUNTANTS, AUDITORS AND CONSULTANTS

Independent Auditors' Report on Internal Accounting
Control Required by SEC Rule 17a-5

To the Member of
AlMax Financial Solutions, L.L.C.

In planning and performing our audit of the financial statements of AlMax Financial Solutions, L.L.C., for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by AlMax Financial Solutions, L.L.C. that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customer or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in condition or the effectiveness of the design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
